

SALUTE TO AMERICA'S FINEST AND THEIR FAMILIES!

We often hear the phrase "On Behalf of a Grateful Nation" at the gravesite of our Veterans as they are laid to rest. These are the solemn words of our military officers as they face the family of Veterans and extend to them the flag which draped their loved one's casket.

Each day should be one of a "Grateful Nation" for those men and women serving in the Armed Forces of the United States of America and their families. We may send our men and women of the Armed Forces into battle, but we have the families at home who sacrifice each and every day of their loved one's absence. Their dedication to God and Country is no less than that of our active-duty military and beloved Veterans. Were it not for the families at home, many of the programs and services available to returning Veterans may not be possible as who better to serve as their strongest advocate than those who have been there.

*The American Legion Family, Roy Reed Post 252, Winside, Nebraska, wish to extend a hearty and grateful voice of appreciation to all past, current and future members of the Armed Forces, Veterans and their families. Your sacrifices have kept this great land **AMERICA** "The Home of the Free, Because of the Brave." Thank you one and all. (Beverly A. Gallop Neel, Lifetime Member Unit 252, Winside, Nebraska)*
